## **Synopsis**

Born into a world of discord, Junglebirdy is the only remaining Yeah-Yeah bird of his kind.

It's epic adventure filled with a bodacious band of dream-like characters.

# The Adventures of Junglebirdy

The Adventures of Junglebirdy is a musically inspired, animated, interactive storybook created to enlighten kids of all ages.

Journey through multiple pages of rhythmic discovery and uncover hundreds of musical sounds and animations cleverly hidden throughout the story.

Developed with an original musical score and an amazing array of imaginative illustrations designed by creator and lead artist, Jem Targal, each page features artistic backdrops, fantastic animations and a symphony of whimsical characters.

## Sum History to the Junglebirdy Mistry...

In an effort to bring artist and creator, Jem Targal's original character, Junglebirdy, to the world stage in a vast array of artistic manifestations, Junglebirdy Productions was founded in partnership with Jem Targal, Michael Goyette, and Jem's son, Jay Targal on April 17th, 2016.

## A lil Antecdote from Junglebirdy Artist & Creator, Jem Targal! Yeah, Yeah!

Junglebirdy is a character that's traveled with me throughout a lifetime of Creating Music and Art. From Pencil Sketches to Ink and Mylar, from Puppets to Live shows and his own song, to see him soar in the Digital World has been a truly Amazing Experience, and it's only just the beginning!

## **Our Mission, Yeah, Yeah!**

Junglebirdy is driven to the continued cultivation of music and art appreciation and passionately supports shared interactive experiences inspired by epic harmony.

## **Shootin for the Moon, Alright!**

Our intention is to professionally distribute animated entertainment content to Junglebirdy enthusiasts everywhere around the world.

Whether it's an interactive electronic storybook, digital sticker packs, apparel, posters, or a full length feature film, our goal is to do our part in bringing harmony to the world through the appreciation of art and music.
